**AFTER FINAL RESPONSE**

Dear Sir:

In response to the final Office Action mailed November 13, 2002, Applicants submit the following amendment and response.

**In the claims:**

Please cancel claim 55 without prejudice.

Please amend claims 24, 29-31, 33, 38-40, 42 and 46-48 and add claim 50 to read as follows:

24. (Four Times Amended) A video graphics processing circuit comprises:  
a processing unit; and  
memory operably coupled to the processing unit, wherein the memory stores  
programming instructions that, when executed by processing unit, cause a  
coupling controller of the processing unit to (a) receive display preferences  
regarding multiple displays; (b) determine whether the display preferences can be  
fulfilled in observance of at least one of: configuration properties of the multiple
